Meeting of City Council--Another Bond Election.

The City Council at Tuesday night's meeting called another bond election for August 15th at which time they hope the people of High Point will give them \$50,000 more to spend on the streets. The proposition is the same as before the issue was badly defeated. The registration books are now open and will remain open until August 5th. You should register at once, so you will have a chance to vote if you desire. It is rather unusual to call for a second bond election within the space of 4 months.

Twelve acres of land was authorized to be purchased from Geo. T. Penny for the sum of \$800 for the city's disposal plant for sewerage, located 3 1-2 miles from the city.

Supt. W. M. Marr wanted \$10 a month to secure office help. No action taken.

Miss Helen Johnson of Reidsville, Mrs. Nellie Cahal of Mechanicsville elected teachers to succeed Misses Hunt and Jordan who declined to serve.

The firemen were given \$75 expense money to the State Firemen's tournament instead of the \$100 asked for and which Chief Ingram says is only half enough to pay the expenses of the delegates. Chief Ingram says that nothing less than \$100 will be accepted.

Surely \$100 is small enough for the city to contribute to the volunteer fire department.

The council agreed to take over the Parkway sewer line.

Rating Book Ready.

A rating book is now in the hands of each member of the merchants association and about every buyer on time is rated therein. Each merchant is numbered and each patron of their stores is rated according to his way of meeting bills due. "A," means prompt pay; "B," medium; "C," slow; "D," require cash; "Z," inquire at office; "L," legally responsible.

The 4th at High Rock.

Quite a crowd went to High Rock the 4th by train and automobile. The Welch Memorial run an excursion and Trophy Council Jr. O. U. A. M. went in a body. A number of High Pointers went in automobiles--W. C. Denny and family, Mrs. Carl Hill and children, John Wilborn and party, the editor and family and others we do not recall to mind. The day was spent quietly along the banks of the Yadkin, fishing and resting. Many visited the ferry, climbed to the high rock and otherwise amused themselves.

The North Carolina troops will be kept together on border the President tells Governor Craig.

RALEIGH NEWS LETTER.

(Special Correspondence)

Raleigh, N. C., July 4.--The men who piled up the big vote received by Roosevelt in North Carolina at the last election, and who were hoping to see him whip out his enemies in the Republican Convention and capture a dual nomination at Chicago last month, are now apparently the most disgusted set of politicians visible in this neck of the woods.

Roosevelt surrenders to the Republican politicians and his tardy declaration of support of Hughes, and his "private conference" a few nights ago with Judge Hughes, have combined to actuate a large percentage of them to "swear off" on Roosevelt dope for all future time. That a large number of them will vote for Wilson is very evident, and they are not mealy-mouthed in saying so.

There is no enthusiasm over Hughes; his personality as an individual forbids it, and those who vote for him will do so largely because of the temptations offered by the Federal pie-counter, if a change in administration could be effected.

Republicans Disappointed.

Charles G. Latta, the patient whose charges precipitated the recent investigation at that institution, escaped from the Central Hospital a few nights ago by "sawing his way out." His escape recalls the collapse of the charges which had been helped along by several others, including a report by the board of internal improvements.

It was "narrated around" that the latter or somebody representing it or connected with this board, would deliver several more or less severe blows at the management and conditions when the hospital inquiry got under way. After the ex-steward and some others failed to substantiate even a small portion of their voluminous "charges," the public turned to look for some testimony emanating from the State Board of Internal Improvements. But, instead, the message came that the chairman was sick, and that no member of the board would attend as a witness--and there was another collapse on the part of the prosecution. But the most disappointed of all are the Republican politicians who were getting ready to manufacture some campaign material--and have found nothing to manufacture it out of.

Trouble Grows Out of Primary.

Believing he was "hooded" out of the primary nomination two years ago, Mr. Wood, the present Democratic Register of Deeds of Wake County appealed to the regular election and, running as an independent, defeated the Democratic nominee by a large majority--the vote between them, being clearly confined to the normal Democratic vote, a Republican candidate being in the field. Wood has no opposition this year.

It is possible that history may repeat itself in Wake County this year, because of dissatisfaction growing out of the primary contest for three members of the House of Representatives. K. B. Johnson, one of the three candidate receiving the highest vote (there being six voted for), thought he was the nominee until the board of elections decided he had not received a "majority" vote within the meaning of the new State Primary Law, and ordered a second primary between him B. H. Pate, the fourth highest man on the list.

That so-called "second primary" was supposed to have been held last Saturday, July first. But as Johnson refused to enter it only a few of his friends participated in it. Johnson received over 50 more votes than Pate in the first primary and he declined to accept the board's ruling. He has appealed to the courts, and if beaten there, it is said he may run as an independent.

W. C. T. U. Social.

Yesterday afternoon the W. C. T. U. celebrated at Wesley Memorial M. E. church, the annual social meeting. President Mrs. B. E. Moore being unable to attend first Vice-President, Mrs. J. E. Kirkman presided. The program as carried out was very interesting. The members paid their dues in the old fashioned way of bringing the money to the desk. A Peace contest by the Loyal Temperance Legion will be held at Greene street Baptist church Sunday evening at 8 o'clock. Refreshments were served before adjournment.

BOYS TO EN CAMP NEXT ALONG MEXICAN BORDER.

North Carolina Troops are Certain to Go to El Paso--Earl Patterson of High Point Ill.

(By R. A. STAMEY.)

Camp Glenn, July 2.--The next encampment for the boys of the first regiment will be El Paso, Texas, it was given out here today, and this definite information put an end to numerous rumors and speculations around the camp. The route to be taken by the troops on en-training has not been definitely decided, or at least it has not been given to reporters and the time for movement is not yet known here, no orders to that effect having been received.

The third regiment now occupying a prominent position of the camp's life, brought 54 officers and 1120 men, bringing the total number in camp up to 3548. People residing in this section state that this is the greatest assembly of troops ever seen here.

Attorney General and Mrs. Bickett are here and today dined with General Young and his staff. The visitors were also guests in an afternoon trip to the surf. Numerous excursions today brought hundreds of visitors and among the throng were many relatives to see the boys in khaki.

Earl Patterson of company M, first infantry High Point, was carried to the field hospital today with an attack of the heart. His recovery is expected.

Camp Glenn, July 3.--Four companies of the first regiment of the North Carolina national guard were formerly mustered into the national service here today. These were company A, Hickory; B, Gastonia; D, Charlotte, and M, High Point. The latter bears the distinction of being the first infantry company of the state to pass into federal control during the present call.

Field hospital corps No 1, Asheville, was mustered in yesterday. The regimental infirmary, Canton and several infantry companies follow suit tomorrow.

General Young delivered a short talk to the mustering companies today shortly before they took the oath of allegiance and in every instance was heartily cheered by the boys.

The ire of company E, second infantry, Goldsboro, was aroused today and poured fourth upon one of its members who is alleged to have attempted to be disqualified in the physical test. The young soldier, said to be 17, feigned a stiff arm, the boys claim, and after he was apprehended he was decked in a costume of yellow cheese cloth, the streak, and forcibly paraded through the camp. Among the trying ordeals he was forced to undergo was to pose at the train while several young women passengers made snapshots.

Company F led the infantry score with percentage of physically sound men, the score being 85. The band and regimental infirmary made a score of 94 and 96, respectively; but these may not with justice be rated on the same footing with the ordinary infantry recruit.

Again it is only fair to add that a number of men belonging to the Asheville companies were examined and rejected before they reached Camp Glenn, and with High Point running a close second with a percentage of 83, the result may have been different.

Winston-Salem lies at the bottom of the percentage column, being pushed over 56 per cent. of her total roster. Mt. Airy is next to Winston-Salem, separated by a margin of only two points.

Would be pleased for those who owe us for subscription to kindly settle early as possible.

Carranza shows the white feather and the tension between the United States and Mexico is not as great as it was last week. There is talk now of removing the soldiers from Mexico and keeping a strong border patrol. It took a lot of preparation and money to convince the de facto government which evidently thinks it is no use to get in a hurry as Uncle Sam is slow to act and quick to forgive.

Greensboro, Randleman, Trinity, Salisbury and other towns near by fittingly observed the glorious 4th. High Point took it leisurely.

The high flyer has to move more than lofty ideals.

The Chamber of Commerce of Greensboro has just gotten out a very handsome folder, exploiting the interests of the Gate City and doubtless it will prove a great drawing card.

"Do you want to enlist to go to Mexico?" Sergeant Turin of the marines asked the recruit.

"No," was the reply, "I want to enlist to get away from there."

All of which goes to prove that Truesdale has little regard for the libel laws and the pretty and thriving seat of Audrain county which he claims as his home.
